To install WithSecure forWindows

- 1. Preparation
 - If anti-virus software is already installed on the purchased laptop, please uninstall it. Note that anti-virus software is not installed on notebook PCs purchased at the University Coop.
 - ② Connect your laptop to the campus wireless LAN "000saga-u" to access the Internet. (See No.5 [Procedure for connecting to the campus wireless lan]
- 2. WithSecure installation procedure
 - ① Using a browser (Microsoft Edge), access the CNC homepage (https://www.cc.saga-u.ac.jp), click on Software Download Site for Campus Use Only, and then click on AntiVirusSoftware[WithSecure].

*The iocn is not displayed when accessed from off-campus.

Software Download Site For Campus Only
<u>Microsoft Comprehensive License Software</u> [Faculty only]
<u>Antivirus Software [WithSecure(F-Secure)]</u> [Faculty and students]
<u>Statistical Analysis Software</u> [Faculty and students]

2 When the "Single Sign-On Login Authentication" screen appears, enter your user ID (student ID number) and password to log in.
