# How to Connect to and Remove "000saga-u" Wi-Fi on iPhone and iPad
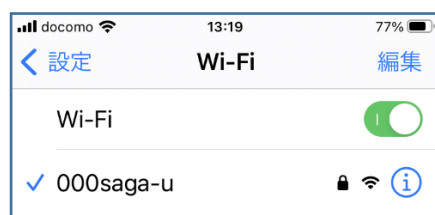

- Connecting to 000saga-u

  Open the Settings app and tap Wi-Fi. Select "000saga-u" from the list of available networks. When prompted, enter your User ID (student ID number for students) and password, then tap Join.

-  

  When the certificate screen appears, tap Trust to proceed.

  

  Once "000saga-u" is checked, the connection is complete.

  

- Forgetting the '000saga-u' Network

  Tap "000saga-u" under "Wi-Fi" in the Settings app, then tap "Forget This Network."
